

MY GREAT RESOURCE TO SHARE

Name: Natural Reader

Objectives:

- To provide students with a tool to practice their pronunciation at home.
- To allow each student to practice at their own pace (they can choose the speed of the reader).
- To give students the chance to listen to the pronunciation of different people with the same accent.

Process:

Many times, students need to do oral presentations in front of their peers and there is not enough time in the classroom for the teacher to help each of the students pronounce their part of the speech perfectly.

This online tool is great to help students work at their own pace and listen to their piece of the speech as many times as they need in order to do it perfectly.

Students only need to type the text and they will be able to choose the voice they want to read it (9 American readers and 9 British readers) and the speed of the voice (from -4 to 9).

Material:

To use this tool, students only need one device to go online to website:

<https://www.naturalreaders.com/>

It is free and there is no need to create an account.
